What is a Draw No Bet? Draws no bet means you wager on one team to win a match, but your stake is refunded if it ends in a draw. This market works as insurance in case your bet does not come in. However, if you back one team and they lose the match and then you see the drawing, then you lose your stake. Draw because every roll on the dice results a win or loss on any bet. In craps, some bets require certain rolls before they can win or losing bet, thus encouraging strategy.
