I purchased a chips but they not give me the chips. I message them, and luckily they asking for more info. Regarding to my purchase. I already sent them. They see the Gcash Receipt. And i sent the to them the References No. of the receipt. They've got what they asking me, but they not taking an action. 3days after I buy chips to the game before i Message them. Until now doesn't have an action. If i message again they keep asking me in auto reply What i can do for you

This game app is full of problems in cash in and cash out. I bought coins but it i did not receive many times f and i won the game and still can't cash out..and there's a lot of scammers on this game.. and i can't trust it either on the admin people of this game.. they are telling me that my ID don't exist f but i guess they can't answer back my complaints and feedbacks on this game f they just collect money but no cash out for the winning prize of the players.. don't install this game!

There's no button that i can click to redeem my chips
