Created by indie developer Yggdrasil the Wild Mantra slot online is inspired by the Hindu and Buddhist faiths to create a slot packed with enlightened iconography. The Wild Mantra online slot is a chilled and zen experience and uses high quality graphics to immerse its players. This makes the Wild Mantra slot machine the perfect choice to wind down with at the end of the day! Be careful though, because the Wild Mantra slot game still offers excitement and you may end up jumping up and down instead of in a zen paradise if you scoop the jackpot of 2191x your stake amount! Wilds also have a part to play in the Wild Mantra slot game, as well as a fun respin feature. When you play Wild Mantra you'll be sucked into a relaxing world right away. To match this setting up the slot is a simple process - even easier if you're enjoying Wild Mantra free play. The 25 paylines used by the Wild Mantra game are fixed, so you don't need to worry about activating or deactivating them. Just set the amount you'd like to wager using the available options and you're good to go! The only thing you might want to check is the coin value used by your chosen operator. As it is a chilled nirvana, the Wild Mantra slot doesn't have any spin modifiers such as turbo spins or quick spins but there is an excellent autoplay feature that, with a few clicks, allows players to watch the spins happen without needing to lift a finger. A variety of symbols are used in the Wild Mantra slot game, and for once there's no playing cards in sight! Instead, low paying symbols are represented by playing card suits; hearts, clubs, diamonds, and spades, though these have been given a makeover so they blend seamlessly into the slot games. These symbols pay up to 40x your stake amount. The four high-paying symbols are represented by Hindu and Buddhist iconography and all pay a maximum of 100x your stake. These symbols are the swirl, lotus, wheel, and knot.
